Masters swimmer and other swimmers: If registering a Masters swimmer and a child swimmer in the same account, the account must be set up under the adult who will be swimming. If you are setting up the account, but are not the swimming adult, you will be able to add your contact information as a second contact to receive club communication.

Do not register until the 1st of the month for the month your swimmer is starting. For example, if your swimmer is starting in November, the first day you may complete online registration is November 1. If you register in October, you will be billed for October too.

Checkout

If you select **Pay Later**, you will electronically pay annual fees only when you checkout. You may then choose automatic billing or manual billing (pay at pool) for monthly dues.

Select bill me automatically--your electronic payment method (credit card or electronic check) on file will automatically be charged on the first of each month for dues.

Bill me manually each month--you will receive a notice when payment is due and you will need to drop payment at the pool, or mail payment to LSC by the 20th of the month before the month of swimming. LSC requires pre-payment, so dues must be paid before a swimmer swims that month.

If you select **Pay Now**, you will electronically pay for annual fees and your first month's dues when you checkout. You may then choose automatic billing or manual billing (pay at pool).
